

Nudist Camp Vacation, Part 1

Sometimes endings are just beginnings in disguise. Such is the case for Alan, though it certainly doesn't seem that way. The beginning for him takes place on vacation, planned innocently enough, in a nudist camp. What he doesn't consider is that love has a way of finding us in the most unlikely of places, with the most unlikely of people. Nudist Camp Vacation is chock full of humor, tragedy, pathos, and the ups and downs of human emotion. This is a story that will take you on a roller coaster ride that you won't want to end! This story was originally published online, but fans have consistently requested it in bound form. This is the first of two parts. Look for the second part in 2009. Warning: Contains graphic descriptions of sex between men. This novel is intended only for adult readers.
