

# African International Relations: An Annotated Bibliography, Second Edition (Westview Special Studies on Africa)

This thoroughly revised and updated bibliography contains annotated entries for international books and journal articles in the field of African international relations. Primarily covering works published since the first edition appeared in 1980, the listings retain the most important earlier works. References are organized under eleven broad subject headings, and all entries are cross-listed in detailed indices of place names, authors, and subjects. A substantial list of commonly used abbreviations and acronyms is also included.
