

Peace Movement Directory: North American Organizations, Programs, Museums and Memorials

The year 2000 has been proclaimed by the United Nations as the Year of Peace, and the ten years to follow, the Decade of Peace. The UN has issued a Manifesto for a Culture of Peace outlining the goals of the envisioned future. The world may have taken on a hopeful attitude for peace in the new millennium, and this work serves as a reference book to organizations, programs, museums, and memorials located in North America that are dedicated to peace. The entries are numbered and each one includes the following (where applicable): name of organization, college, museum, memorial or journal; year founded or dedicated; address, phone number, e-mail address and website address; and text that provides historical information.
