

## Louisvilles First Families: A Series of Genealogical Sketches (Classic Reprint)

Excerpt from Louisvilles First Families: A Series of Genealogical Sketches Typical of the gentlesfolk who came to the Kentucky frontier in the last thirty years of the Eighteenth century are the twelve families grouped in this series, known as Louisvilles First Families. An effort has been made to picture the early social life of Louisville as inaugurated by the twelve families included and by similar families of culture and refinement that emigrated from Virginia, Maryland and Pennsylvania to the wilderness in the late seventeen hundreds. From family records and traditions that have come down, verbally, through the several generations, material was obtained with which to illustrate the permanency of these families in the city, listing the descendants of the pioneers, to link the Eighteenth century with the Twentieth, and to indicate the shaping influence of such people upon the growth of a community.
