

Oswald and the CIA: The Documented Truth About the Unknown Relationship Between the U.S. Government and the Alleged Killer of JFK

From the acclaimed author of JFK and Vietnam comes a book that uncovers the governments role in the Kennedy assassination more clearly than any previous inquiry. What was the extent of the CIAs involvement with Lee Harvey Oswald? Why was Oswalds file tampered with before the assassination of John F. Kennedy? And why did significant documents from that file mysteriously disappear? Oswald and the CIA answers these questions, not with theories, but with information from the primary sources themselvesex-agents, officials, and secret records. To look at the Oswald file is to look at the most sensitive CIA operation of the Cold War. The story is as alarming as it is tragic; the lies and manipulations it reveals led directly to Kennedys murder. Oswald and the CIA is a gripping journey to the darkest corners of the CIA.
