

In this revelatory book, Karen M. Paget shows how the CIA turned the National Student Association into an intelligence asset during the Cold War, with students used—often wittingly and sometimes unwittingly—as undercover agents inside America and abroad. In 1967, Ramparts magazine exposed the story, prompting the Agency into engineering a successful cover-up. Now Paget, drawing on archival sources, declassified documents, and more than 150 interviews, shows that the Ramparts story revealed only a small part of the plot. A cautionary tale, throwing sharp light on the persistent argument, heard even now, about whether America's national-security interests can be advanced by skullduggery and deception, *Patriotic Betrayal*, says Karl E. Meyer, a former editorial board member of the *New York Times* and *The Washington Post*, evokes “the aura of a John le Carre novel with its self-serving rationalizations, its layers of duplicity, and its bureaucratic doubletalk.” And Hugh Wilford, author of *The Mighty Wurlitzer: How the CIA Played America*, calls *Patriotic Betrayal* “extremely valuable as a case study of relations between the CIA and one of its front groups, greatly extending and enriching our knowledge and understanding of the complex dynamics involved in such covert, state-private relationships; it offers a fascinating portrayal of post-World War II U.S. political culture in microcosm.

Considerations upon the second canon in the book entitled *Constitutions and canons ecclesiastical, & (1693), The Dark Heart of Italy, Presidential Character: Predicting Performance In The White House (4th Edition), A Users Guide to the Congressional Record, Narrative of the Life of Frederick Douglass: An American Slave,*
