

Per a ofrenar noves glories a Valencia. (Catalan Edition)

El present llibre es un volum recopilatori compost per cent articles i un discurs publicats per Josue Ferrer en distints mijos de comunicacio entre 2004 i 2009. El govern socialiste de Zapatero en Espanya, les majories absolutistes dels populars en Valencia, els chantages de Carod Rovira, lenvestida pancatalanista, lafonament del valencianisme, lactualitat de ETA, lauge de labort, el frau de la Constitucio Europea o el Pla Ibarretxe son nomes algunes de les moltes i candents questions que lautor analisa a lo llarc destes pagines. Lobra, no obstant, es per damunt de tot valencianista i denuncia letnocida proces de substitucio llinguistica que el poble valencia pati a principis de segle XXI i com el Regne de Valencia fon utilitat com una mera moneda de canvi entre Espanya i Catalunya. Es este un llibre necessari per a la memoria historica i per a que les generacions futures coneguen, en noms i llinages, qui dona sa vida per Valencia i qui la vengue per trenta monedes de plata.
