

Women in U.S. History: A Resource Guide

Discover the best books, Web sites, audiovisual items, and other materials to research notable women of the United States. Learn about women from Colonial times to the present day who have made strides in many fields of endeavor including the arts, literature, politics, religion, science, and sports. Materials listed feature women from all regions of the country and from many American cultural groups. The guide concentrates on materials published or produced during the 1990s, and its final section outlines the field of womens history in terms of its historiography, theory and methodology, and its place in education.
